### **PCM EMPLOYEES RAISE OVER \$11,000 IN TWO DAYS FOR FIRE VICTIMS**

LAGUNA WOODS, Calif. – Oct. 31, 2007 – Professional Community Management (PCM) raised over \$3,500 in cash and \$7,500 in goods, in two mornings. The donations, gathered to help the Southern California Fire Victims, were delivered to the Red Cross, Goodwill/Second Harvest and the Community Action Partnership Food Bank in an employee donated truck.

Over 200 employees donated cash and items which included food items, toiletries, baby items, bedding and clothing. About 40 residents of Laguna Woods Village stopped by to donate in the nearby employee parking lot as well.

The PCM leadership at Laguna Woods Village coordinated the disaster relief collection effort by providing a location and handling the transportation of monetary donations as well as donations of essential items evacuees really need in the first few days of leaving their homes.

The donations were collected in the employee parking lot behind the Community Center Building and at the Service Center between 7:00 a.m. and 11:00 a.m. for two days.
