Professional Community Management of California, Inc. (PCM) supports charities throughout Southern California

Funds raised in annual United Way drive exceed prior years

LAKE FOREST, Calif. (November 24, 2008) – Professional Community Management of California, Inc., one of the nation’s largest managers of homeowner associations, announced today that it raised \$51,500 for United Way in its annual fundraising drive ending in November.

“Since our company was launched 35 years ago, its founders have placed a high value on contributing both time and financial support to charitable efforts in the communities where we work,” said Donny Disbro, vice president of business development and marketing for Professional Community Management of California. “Supporting organizations serving the less fortunate in our local communities is a central value in our corporate culture, evidenced by the enthusiasm our employees show for this annual United Way fundraising drive.”

PCM’s United Way drive is an annual event, kicked off with a luncheon and presentation of the charities supported by United Way. PCM employees are offered the option of pledging cash amounts or utilizing payroll withholding if they wish to contribute any of their personal earnings to the drive. Incentive prize drawings are held throughout the week to help build enthusiasm for the campaign.

PCM supports many other charitable organizations in Southern California every year, including Saddleback Memorial Hospital; Boy Scouts of America, Orange County; Orangewood Children’s Hospital; Salvation Army; Saddleback Valley Church; Toys for Tots; HomeAid’s Project Playhouse; City of Hope; Laura’s House and Orange County’s YMCA.

“We are proud that our employees support charitable efforts, and we are pleased to continue this PCM tradition of partnering with United Way,” said Russ Disbro, chief executive officer of Professional Community Management of California. “My hope is that with each new year, we can do more as a company to support the charities that help our communities thrive.”

Professional Community Management of California, Inc. specializes in the management of Common Interest Developments (CIDs) of homeowner associations for high-rise condominiums, family oriented master-planned developments, subdivisions of master-
