## **PCM Funding Supports Veterans History Project in Laguna Woods**

LAKE FOREST, CA (July 25, 2011) – Professional Community Management today announced its support for the federal Veterans History Project through a contribution to the Historical Society of Laguna Woods.

The Historical Society records the stories of wartime veterans interested in preserving their wartime stories for posterity in the federal Veterans History Project.

On July 20, Wendy Bucknum, Governmental Affairs Manager for Professional Community Management in Laguna Woods Village, presented a check for \$1,500 to City of Laguna Woods Council Member Bob Ring, President of the Historical Society, at the Historical Society Building in Laguna Woods Village, CA.

“We can’t think of a better way to honor those who served our country so bravely than to support the Veterans History Project,” said Bucknum during the short program.

The Veterans History Project was launched in 2000 by the United States Congress as part of the Library of Congress’s effort to collect, preserve, and make accessible the personal accounts of American war veterans so that future generations may hear directly from veterans and better understand the realities of war.

“This donation will help publicize the accomplishments of the veterans to people all over the world,” says Ring.

To date, more than 800 veterans have provided their histories and of these more than 350 have been video taped.

“We strongly believe these stories of bravery and sacrifice should be preserved and passed on to future generations,” said Bucknum. “We at Professional Community Management are honored to help make this happen.”

Those interested in supporting the Historical Society or the Veterans History Project through the Historical Society of Laguna Woods can call 949-206-0150.
