## **Five Hundred Community Residents Prevent Identity Theft Thanks to PCM-Sponsored Shredding Event**

**LAKE FOREST, Calif. (December 20, 2011)** – Professional Community Management sponsored a community-wide document shredding event on December 14 to thank Laguna Woods Village residents and help protect residents and raise awareness about identity theft.

From 8 a.m. until noon at Clubhouse 5, a Shred-it USA truck shredded sensitive documents at the site. About 500 residents brought their documents, many bringing multiple boxes of documents to be destroyed.

“This is one way our community management company can express our appreciation for the opportunity to serve these residents,” said Donny Disbro, Chief Executive Officer of Professional Community Management.

The shredding service was provided by Shred-it USA, who ensured that all documents were securely destroyed. All of the paper shredded at the event will be recycled.

“Shred-it USA is a member of the AssociaAdvantage network, comprised of efficient, green companies with proven track records of serving our communities well,” said Disbro.

Through AssociaAdvantage, communities managed by an Associa affiliate such as PCM are offered as much as 30 percent savings on household goods and services with member companies. Associa leverages the purchasing power of millions of homeowners to secure discounts on a variety of common and not-so-common products and services and extends these savings to residents of our communities.

“PCM has transitioned into a paperless company, creating efficiency and reducing waste in our operations,” said Disbro. “We support our community residents using such technology to do the same.”

Many of the residents expressed appreciation for the convenient opportunity to shred their sensitive documents in a safe neighborhood environment.
